MAGIC HAIR STRAIGHTENER

AND •
SHAMPOO DRIER.
LOOK

The above cut represents the Magic Hair Straightener and Shampoo Drier. This necessary toilet article will accomplish two results in one operation. It will straighten and dry the hair quickly, effectively and satisfactorily. Its use will give the hair its natural appearance. It is positively the only device upon the market that will accomplish such results. The purchase price will be refunded if it does not accomplish all we claim for it, by returning it to our office.

Stop and think how the public is being deceived by extravagant advertisements of various pomades and many impractical straighteners that are foisted upon the market, which are injurious to the growth of the hair, and after their use leaves such an unsightly appearance.

We will forfeit \$100 for any so called hair tonic or preparation that will make the hair straight and soft by applying it without leaving the hair with a greasy, pasty appearance, thereby retarding the growth of the hair and softening the hair follicles, causing it to collect dandruff and dust which is a great cause of so many bald heads; and the promoter of the wig industry. We ask you to name us a hair straightener, of any drug composition, that does not produce these effects. Now in comparison, The Magic Hair Straightener and Shampoo Drier, which is a straightener consisting of a steel bar and an aluminum comb attached, six inches long, with an ordinary amount of heat, dries a head of hair after a shampoo and straightens it as fast as it is combed.

Its mode of operation is easy upon the hair, thereby eliminating the pincher method, which almost pulls the hair out from the roots. The comb separates the strands leaving a beautiful and natural appearance. A heavy head of hair can be straightened in less than thirty minutes. Its use a few minutes daily following instructions will straighten the hair where hours of combing will not. It will save the loss of hair that excessive combing produces, and we guarantee that it is the only device that will accomplish such results. It has been carefully and skillfully examined by the chief examiner of the United States and other countries and has been granted a patent as the latest and most practical appliance of its kind on the market to-day. It will be found an indispensable article of the toilet by all who take pride in their personal appearance. It has the indorsements of physicians. **Price \$1.**
